LABOR LAW IS VIOLATED

Commissioner Sargent Asks Prosecution of Violators.

HUNDREDS BROUGHT OVER

Great Numbers of Coal Miners Brough Here from Wales-Secretary Wilson Sends Warning to Miners Not to Come.

WASHINGTON, D. C., October 19-Evidence has been collected by the Bureau of Immigration, Department of Comrerce and Labor, of a systematic and extensive violation of the contract labor law. Commissioner-General F. P. Sarent has submitted the evidence to the Department of Justice, and has requested the Attorney-General to institute pro-

The case in hand involves hundreds of men, many of whom already are in this country. Others are en route to the United States and expected to arrive in a few days. Forty men who arrived in Philadelphia: yesterday on the steamer Haveford are being detained as contact ishorers, and many others are expected on a steamer of the White Star Line, due at New York in a day of two. The men are Welsh coal miners, and come to the United States under an alleged agreement to work for the Elsworth Coal Company, of Elsworth, Pa. It is said that men are being sent to this country by a firm in Pontypriol, Wales. The condition of some of the imported miners is serious. Many have requested the Board of Immigration to send them back to Wales, as they say the agreement under which they came here is not being kept. The majority of the immigrants were obliged to sell their personal belongings in order to obtain money with which to come to the United States, and a few of them were induced to dispose of places of business which previously had enabled them, in part, to support their families.

Welsh miners Lured Here.

LONDON, October 19.—At a meeting of miners, held to-day in the Rhondda Valley, Wales, William Abraham, the Liberal member of Parliament from the Rhondda Valley Division, read a cabierarm from Secretary Wilson, of the United Mine Workers of America, warning Welsh miners againat advertisements offering them employment by a Pennsylvania coal operator. Mr. Abraham said him to expect Davery and Odell of the United Mine Workers of America, warning Welsh miners againat advertisements offering them employment by a Pennsylvania coal operator. Mr. Abraham said hand a function of the proposal particular and the miner and in miner and in miner and ham in c. Can for his study of the proposal accounts the triber in sort of the United States and capture for a few college, polymer that received the monor of the Wales, and offering them employment by a Pennsylvania coal operator. Mr. Abraham said have tigated the matter and found.

Mr. Mu

ing Welsh miners against advertisements offering them employment by a Pennsylvania coal operator. Mr. Abraham said he had investigated the matter and found that Welsh miners had been lured to the United States under false pretenses.

COULD NOT SLEEP FOR COUGH-ING.

"In the winter of 1903 I contracted a severe cold, and it resulted in pneumonia," says Mr. Bert Hatch, of South Dayton, N. Y. "For five days and nights I could not sleep; was constantly coughing. Mr. J. J. Rundell, knowins of my illness, sent me a bottle of Chamberlain's Cough Remedy, and in a short time it gave me relief so that I could sleep, and two bottles of the remedy cured me. I had taken five different remedies, but could get no relief until I began using Chamberlain's Cough Remedy. Too much cannot be said for such a medicine." When a drugsist takes the liberty of sending a medicine to a friend, you may know that the remedy sent is a good one. For sale by all druggists.

Order United American Mechanics of either city. This morning in the Shipbuilding City will begin the inheteenth annual meeting of State Council. The Richmond and Manchester delegating left at 4 c'clock yesterday afternoon on a special car attached to the fast train of the Chesapeake and Ohio road, leaving the city daily at that hour for Old Point. The Richmonders, with their Manchester brethren, will have their rooms at the Hotel Warwick, which is the headquarters of the council while in session. Those from this city were looking forward to the meeting which begins to-day with much interest and fully expect to have a good time.

A PACKED HOUSE AT LOOPING-THE-LOOP

Bljou this week, and the right of way given to musical comedy. Just for a change, the latter is welcome to the patrons of the house. The heavy villan, the heroine and the lone comedian all need a rest, and in their place appear Foxy Grandpa, "Happy Hoeligan," Mrs. Kalzenjammer and a score of ot ers. They all made merry last night, and the audience was in the best so, to humor when the last curtain fell.
"Looping the Loop" is merely a catch title and has nothing to do with the niece. As no one would have the temenity to write a musical comedy with a niot is of little consequence. All the audience cares about is to see "something doing," all the time, and that requisite is provided in "Looping the Loop."
There were a number of clever specialties introduced during the action of the niece. As no one would have the tementy to write a musical comedy with a plot the title is of little consequence. All the audience. The Otto Brothers, after the fashion of the famous Roger Brothers, contributed a number that received several encores. Fied A. Chanon, ventriloquist and mmc, was loudly applicated for his work. John Leach, in a monologue, got off a lot of timely stuff, and Robert Ott, vocalist, came in for his share of applause. Phil Ott was clever all the way through in the role of Tumble Tom.

The usual Monday night audience. given to musical comedy. Just for change, the latter is welcome to the pa-

from that source or union."

Mr. Murphy said the heavy registration showed the popular interest in the empalsm and the people were determined not to permit the city to fall into the hands of "Up-State Grafters."

Dr. Steel Loses Purse.

While enjoying an evening at the Horse Show last week Dr. George B. Steel, of this city, had the mistortune to lose a pecketbook containing a small amount of money and a number of important pa-pers.

The finder of the purse will be permitted to retain the money therein, provided he returns the remainder of the contents. Several of the papers while of ne interest or importance to another, are valuable to Dr. Steel, and he is anxious to recover them.

Electrolysis Matter. The Subcommittee on Water, having charge of the electrolysis matter, held a long session last night and adjourned to meet again on Thursday night at 6 o clock when a report will be made to the full committee.
